

COR-V600

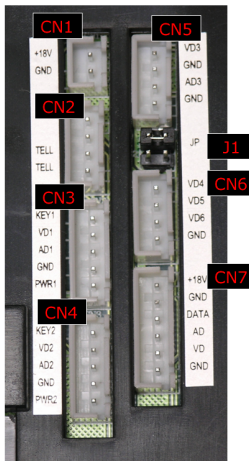

5' INDOOR COLOR VIDEO DOOR STATION

Advanced Indoor Video Door Phone Station

The COR-V600 is an advanced indoor video door phone station designed for use with one or two outdoor doorbell/camera units. Users can see who is ringing the doorbell and talk with them, and control the door or gate lock associated with the calling unit. It can also connect to up to four (4) additional security cameras for added protection. It has a full color TFT LCD screen for sharp and responsive color video display. Easy to clean, designer black acrylic construction. Built-in speaker and microphone for two-way communication. Easy to reach touch-panel style controls on the front of the unit.

The back of the COR-V600 video door phone has recessed slots that fit tabs on the wall bracket for mounting.
